### From the Directors' Desk...

Congratulations are in order to Don Engle and his Keystone Wings group for having a very nice article in the JMC Riders magazine. A lot of nice history and current changes in progress to move Keystone Wings forward.

Congratulations are also in line for the Endless Mountain Riders on their article also published in JMC Riders magazine concerning Arline's 90th Birthday at a special party given by the chapter. And yes she is still riding and enjoying chapter life.

Spent a rainy Sunday in Williamsport the first weekend of May at Hobo Stew. Still had a good time with good friends and fellow riders. I am hoping that by late July it warms up and quits raining as we have a busy weekend scheduled at the state Ride In.

We have tweaked the registration form to include Friday and Saturday Day passes with two option for Saturday. With the day passes you must pick one option, you cannot attend two days on two day passes. Still looking for chapters that would like to donate a basket for the basket raffle. Please let me know if you plan to bring a basket. Williamsport will have quilt tickets available at the registration table along with the State having 50/50 each day. Reminder our Charity this year is for Veterans. REGISTRATION DEADLINE IS JULY, 5 2025.

Let's no forget everyone needs to wear their best Baseball Garb Friday evening for the Ice Cream Social, after which there will be a light show at the Genetti Hotel.

I am hoping to have a chapter directors meeting 3 p.m. Saturday to discuss the State Organization plans to move forward. Kerri an d I are looking forward to seeing everyone and making some new friends. We think everyone is going to enjoy the Ride In.

PA State Directors,

Eldon and Kerri Mickel

### Deer, Oh Dear!

There are a lot of “booby traps” that the unwary motorcyclist can ride into, including innocuous-looking alleyways, raised pavement edges, railroad tracks, loose sand, sunken manhole covers, tar snakes, and white plastic arrows glued to the pavement. Most of those hazards occur in the city. Out in the country on those twisty back roads where we love to ride, we can expect some different types of booby traps.

One major trap that can spring on us is a wild animal, especially wild deer.

Deer are so delicate and demure that it’s hard to think of them as a hazard. But when we come upon the sickening sight of a dead deer along the highway, we are again reminded of the danger, both to the animal, and to ourselves. Animal strikes are a significant hazard for those of us who enjoy long-distance travel. Statistically speaking, vehicle collisions are the major motorcycling hazard, but as motorcycling experience builds and we get a little, smarter, our risks of a car/bike collision should decrease. But the risk of animal strikes remains high because animals are so difficult to predict.

Wild deer are found all over North America, in large numbers, their population is increasing, and they have habits and instincts that put them on collision courses with motor vehicles. The typical deer strike occurs with the animal suddenly leaps in front of the vehicle, often at night. The vehicle slams into the deer, with sickening consequences. What’s startling is the amount of damage even a small deer can do to a speeding vehicle. If the motorist happens to be a motorcyclist, the odds are high that both deer and biker will be seriously injured. What’s so insidious about motorcycle/deer collisions is the unpredictability. You may have ridden for hundreds of thousands of miles, proficiently avoiding thousands of left-turners, alley jumpers, edge traps, graveled corners, and decreasing-radius turns. Then, on some easy country ride, a deer suddenly leaps out of the woods into your path, and Thud!

We don’t have reliable statistics on motorcycle/animal collisions because many accidents don’t get reported. The famous “Hurt Report” gathered statistics from only motorcycle accidents in the Los Angeles area, where there are few wild deer. But animal strikes are a frequent enough problem elsewhere that we should practice appropriate countermeasures on those rides that take us into deer country. To understand what to look for and what to do about deer, let’s consider their instincts and habits. Deer are cautious, and prefer to hide in the trees. They like munching on tender foliage. So, in the summer, expect wild deer in forested areas or riverbeds where the trees and underbrush provide lots of cover and fresh salad. That lush roadside grass the highway department keeps mowed is a dinnertime favorite. That means you should expect deer feeding along the shoulder of the road in shady areas. In the daytime, a deer feeding on the road shoulder will have it’s head down, so it may look like a log in the ditch, or a mossy boulder, or a crumpled cardboard box. When the head comes up, you’ll immediately see those large ears, and perhaps a rack of antlers, so use caution riding.

## PA DISTRICT OUTSTANDING STARS

### Time for our first ride of the season!

Hi All,

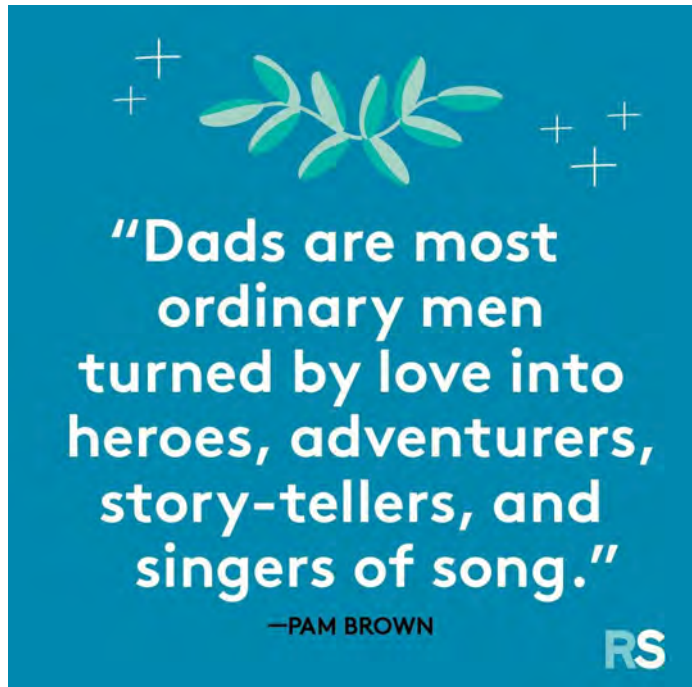

The season is here to enjoy what we Love “Riding our Motorcycles”. So where are you going? Visiting Chapters is always enjoyable! Don’t forget the picture for Ride for Fellowship!

On schedule is the District Ride In in Williamsport. Going to a ball game, ice cream, ridding & more! Are you going? Looking forward to a reunion!

Just reading the JMC Riders Magazine shout out to Keystone Wings & Endless Mountains Riders for their articles!

See you in Williamsport!

Barry & Rhonda

## PA DISTRICT RIDE FOR FELLOWSHIP

### It's Fun and Fellowship Time!

Hello PA District WR friends:

June is finally here with Summer just around the corner! We are well into riding season, so let's get on the bikes and go. Have you visited your friends at some of their events lately? If so, snap a picture and send it to me. I'd love to see all of the FUN you're having! Also, send me some info to let me know who you are visiting. Whether it's on 2, 3, or 4 wheels, get out there and enjoy!

If you are planning any vacations this year, why not snap a couple of pictures and send them to me. Whether or not it involves points, I would love to share them with everyone at the July Ride-in!

The 2025 Guidelines are posted on the District Web Site. Please read the points section carefully, as there are changes from last year. Hopefully, this will allow more opportunities for all our chapters to get in on the FUN. Remember, this is strictly for FUN & Fellowship!

The 2025 Ride for Fellowship is in full swing with several chapters participating! Your replies are slowly coming in. Maybe it's time to start visiting again, weather-permitting, of course. The latest updated Chart for 2024-2025 is on the Web Site. Please review it and let me know if you have any questions, concerns or comments. I encourage you to visit your friends, both old and new, and send your photos to: [ride4fellowship@gmail.com](mailto:ride4fellowship@gmail.com) along with your Chapter name, chapter you visited, and attendees. I will update and post the points chart and include all your photos in the 2025 slideshow.

Be safe in your travels, have Fun!

### District Staff Members: We Need Your Help!

A team of district staff members have been working on updating the Pennsylvania Wing'd Riders website. We are aiming to make the site more attractive and inviting to those who do not know anything about our organization and would be interested in learning more in order to join with us.

#### **WE NEED YOUR HELP!**

We would like to offer photos and stories about the rides and fun our chapters are having. Mike DeGeiso, the webmaster, would like to offer folks an E-Book about Pennsylvania riding that would help website visitors give us their email addresses so we can connect with them and link them up with a local chapter.

Please send information about your chapter and your region to Eldon Mickel so we can make the website and the E-Book as exciting as possible!

Here are a few things we could use:

- Colorful pictures of your local rides and group gatherings
- Stories about why you enjoy being a part of your chapter
- Local restaurants you would recommend
- Rides/Routes you would recommend
- Dealerships you would recommend
- Destination places you would recommend
- Maintenance tips you would recommend
- Other Pennsylvania information important for motorcyclists

### Endless Mountains Riders Visit Americade

Most of the chapter members had been to previous Americade events, but Ed and I had not, so this year we decided to go. Dennis and Barb decided to travel with us and we rented an Airbnb for quite the adventure. The best part was it didn't rain on us at ALL!!! We arrived Tuesday and enjoyed a pretty funny comic at the opening ceremony - he called himself a cross between cirque soleil and Home Depot and was really good! Wednesday was a gorgeous sunny, summer day and we took a 100 mile ride up along the west side of Lake George on 9N to Ticonderoga where we had amazing ice cream. There was another comedy show that evening. Thursday it threatened to rain so we decided to go through the motorcycle vendors. Both couples managed to spend quite a bit of money on fun things for our bikes! We were amazed at the rows and rows of bikes - mostly Harleys!!! - along the streets and in the parking lots. You could hear those Harleys coming in groups - sounded like bees! We checked out a bunch of cool diners and restaurants all week. And Friday night we made it home just as the first sprinkle of rain began! The perfect trip!

Pe  
Ride

### Keystone Wings Fruehling Fete

For the past 32 years we have been celebrating our beginnings in May by holding a “Spring Fling”. Nestled in the heart of Amish country, Keystone Wings decided it was time to celebrate it by changing the annual “Spring Fling” to “Fruehling Fete”, which roughly translates from Amish to “Spring Fest”, paying homage to the beautiful area we live, work, and ride in. We had an Amish-style picnic luncheon with pulled pork and fried chicken, homemade baked beans, potato salad and plenty of desserts which were enjoyed by all after a guided ride through the lower part of Lancaster County. This year we also changed to an all-inclusive registration fee; so, once you registered you never had to open your wallet again once you got there.

As everyone entered the pavilion, they received 10 tickets that could be placed in one of the bags for each door prize, giving them the opportunity to win any of our prizes - a \$200 gift certificate to American Music Theater, an Amish style quilt valued at over \$350, a \$50 gift certificate to the Choo Choo Barn, a Vera Bradley Carry case valued at \$50, an autographed book “*The (Covered) Bridges of Lancaster County*” as well as a few other prizes and gifts.

Two things we did not change this year was our Blessing of the Bikes and our guided ride through the Lancaster County countryside. Both have been highly successful in the past and having beautiful weather for the first time in three years, the guided ride was a huge success despite not seeing any Amish buggies. In all we had 21 motorcycles do the ride and a total of 68 guests. Everyone left the event with a goodie bag filled with snacks made in Lancaster County.

For more photos see Keystone Wings Newsletter, “The Buzz” found on the About Us web page on our website at: [www.keystonewings.org](http://www.keystonewings.org).
