### From the Directors' Desk...

What a great time we had at Cumberland Valley Riders Fall Festival last weekend - lots of old friends, games, a very nice ride, good food and fellowship. From what we seen a good time was had by all. I'm sure Ed and Carla have some wonderful pictures to commemorate the event.

Things are finally starting to settle down from a hectic summer, although my work as a state director has anything but settled down. My plans are at this time to have a directors Zoom meeting Monday the 20th. When I said the 15th I did not realize it was a Wednesday and my work will not possibly allow it as I will most likely be travelling. Jim will be sending a notification e-mail with times.

Carla and Jim have been working diligently on the new website and I am impressed with their efforts. Sorry for the briefness of the directors newsletter but until we have the directors Zoom meeting not much more to say.

Don't forget Christmas Party season and lets all support each other. Be careful of riding with the leaves falling and dew in the mornings

### Watch out for wet leaves!

Summer is quickly coming to an end now and fall will soon be upon us, and the leaves will soon be starting to change color in our area. This brings with it both beauty and an added element of danger for the late season rider. We have all heard the standard warnings of WET LEAVES affecting

traction. What appears to be

missing is a recommendation on what to do if you encounter this situation.

The second thing we will encounter this time of the year is RAIN. Haul out the raingear you've stowed in handy spot. Make sure your rain gloves and rain boots fit properly. Poorly fitted ones can lessen your ability to brake and shift. Be most cautious when it first starts to rain. That is when the water goes into all the dimples in the road, and the oil residue from passing vehicles floats to the top. That gets slippery! wise motorcyclist will stop for a cup of coffee when it starts to rain; who knows, it could be all over in 15 minutes, and you won't even have to put on the rain suit. After a while the oil will be washed off to the side of the road. However, traction on a wet surface may not be as good as on a dry road. Be careful.

The third thing we will encounter this time of the year is FOG. Cool mornings and evenings, after a warm day, tend to produce fog. If you think you may have a chance of riding into a fog area, carry a small towel or soft water absorbing cloth in your Jacket pocket where it is easy to get to. You may have to clean your windshield to see well. Slow down and if you think you are traveling too slow, run your hazard flashers. I have found that the lower running lights are a big plus for driving in fog.

## PA DISTRICT RIDE FOR FELLOWSHIP

### Riding season will soon be over!

Greetings PA District Friends!

Fall is upon us with the cooler weather and trees starting to color. In a couple weeks we should be seeing some beautiful Fall foliage, so why not take a nice ride with your PA District friends and enjoy it! With the leaves coloring, they are also falling, so be careful on the roads. They can be slippery! With Halloween coming up the end of the month, watch out for “Trick or Treaters” if you

are riding.

Did you attend the Fall Festival hosted by Cumberland Valley Riders on September 27<sup>th</sup>? If you took pictures, could you send them to me? I’d love to put them in the slide show! (Thank you to the Chapters who already replied!) I’m keeping track of points, so keep sending your information. You can also check with the PA District for more events that may be coming up.

Since the 2026 Ride for Fellowship is now in full swing, I’m enjoying seeing your photos. Keep up the good work, get out there and visit, make new friends, and SEND ME YOUR INFO (Ride, Rally, Gathering or Event Date, Participants in your photo, where you went, who you visited & PHOTOS!)

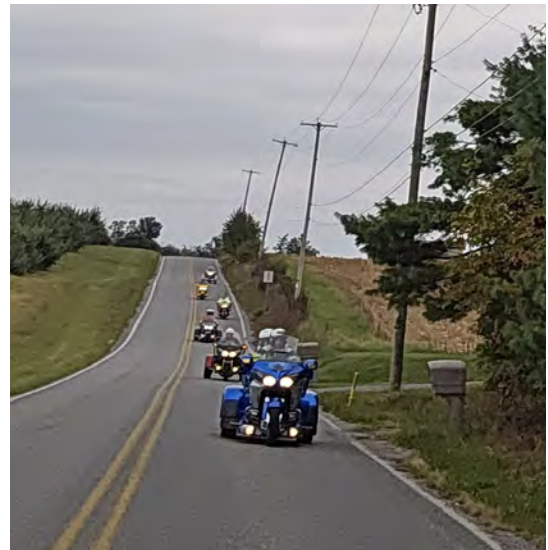

All pictures that I receive will be in the 2026 slideshow, regardless of whether the visit received a point. We want to see the fun you’ve been having! Since we are independent of National, the PA District will be making a few changes, as will this program, so stay tuned!

You can contact me at [ride4fellowship@gmail.com](mailto:ride4fellowship@gmail.com) , or call me at 570-764-1280 with any questions you might have.

Ride safe, have FUN and be careful out there!

## PA DISTRICT OUTSTANDING STARS

### Share your ride adventures!

Hi All,

The weather has been great to enjoy the Fall Foliage riding! Pennsylvania offers so much to offer with covered bridges, mountains and country roads to enjoy.

The riding season has bought us many memories. Would love to see Chapters share the their ride adventures in the District Newsletter. My story of my flat tire was shared in the District Newsletter. What a Family

I would be lost without this District & Friendships! So what do you say let's share your stories.

I can't say enough about the Outstanding Star's! This program has taken wings the past 3 years. Looking forward to where we go in 2026!

As the seasons are changing plenty to keep us gone. Remember to get that picture for the Ride for Fellowship!

## PA DISTRICT CHAPTER NEWS

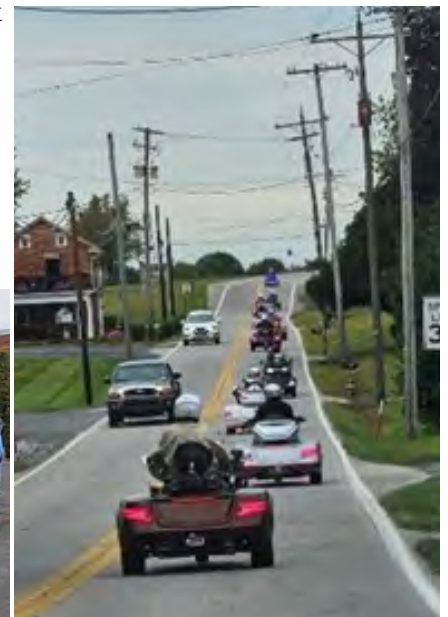

### Cumberland Valley Riders Fall Fest

Glenda and I would like to thank everyone who helped in any way to make the Second Annual Fall Festival a success. If Glenda calculated correctly, we had 46 in attendance! Without all of you, the event would not have been a success.

Represented were Endless Mountains Riders, River Valley Riders, Mason Dixon Wings, Susquehanna Wings, Keystone Wings, Black Rose Wings and PA Warrior Riders. Thanks everyone for making this event a success!

The Poker Run was lead by Tom White with tail gunner Charlie Blyer.

### Endless Mountains Riders Ride Around

Its been a busy September for riding with our group. Some members went on a benefit ride for SAFE; others took a ride to Ricketts Glen for lunch and celebrated Tom Wasluck's 65th birthday. The group took in the view as they rode to Wyalusing for

lunch, and several did an overnight trip to the Cumberland Fall Fest.
