After a long winter break, it's time to get back on those 2 wheels, 3 wheels, sidecars, Can-Am's, etc. But first let's refresh our riding skills. This also goes for the co-riders. There is no cost for the class, all bikes are welcome, and there are no maximum number of bikes for the class since it will be conducted like a PLP class. Bring water and snacks with you. Restrooms will be available. We will go for lunch somewhere after the class.

The more you know, the better it gets.

Some of our chapters are setting up some free training days this year that would be wonderful to take advantage of! The more we know, the safer we can ride! Check with these chapters for more details, or look for the flyers on the PA Road Riders website.

We have a new Facebook group for our District. Check it out and make sure you post some of the fun activities your chapter is having:

From the President's Desk...

Good Morning All, hope some of you have gotten to enjoy some riding because of the warmer temps and sunshine. I think mother nature is just messing with us as a cruel joke. I for one am still recovering from a successful shoulder surgery, so I did not get to enjoy any of the pleasant weather to ride. Looking forward to a eventful riding season this year as some of our chapters have already posted flyers for numerous charity fund raising events. As usual I have been slacking for getting our flyer posted for Warrior Riders Christmas in July event supporting the Bedford County Shop with a Cop Program. The date will be July 25, 2026 flyer will hit the website this month.

Very happy to see so many early registrations for the State Ride In at Roxbury Camp, hosted by Mason Dixon Riders. I have not been keeping count but we have quite a few already committed to attend - looking forward to a great event, keep in mind at least one training class will be added Friday afternoon with the possibility of another on Saturday, the details need to be worked out as of this time. You can only do so much in a two day span and not overload the participants. We want everybody to feel welcome and enjoy the event. I would suggest anyone who has not registered and wants to go on the Gettysburg Excursion on Saturday to get your reservation in ASAP.

The By-Laws were finished last month and filed, now working on the insurance. We will have coverage for the chapters by the time the events roll around. The Directors keep in mind there will be a directors meeting at the Ride In - any concerns or other issues we can discuss there. All the directors should of received a copy of the By-Laws. If you have not gotten them please let me know and I will see that you get a set. Any chapters that have members that have not paid yet, please check on their intentions. Memberships can be added to rosters at any time, just forward the information along with the dues.

Let's keep in mind any members that are having any health issues. Let's also keep in mind other chapters that have charity rides that need our support and don't forget to send your visitation pictures to Bonnie to get your points. Who knows, since this is the first year for PA Road Riders there may be a special prize at the Ride In. Please let us know if your chapter is interested in making a Basket for the Basket Raffle.

PAROADRIDERS.ORG

The Three Up's!

Hello PA Road Riders!

L.S.R. the Three Ups No, this is not a new Trike group or a new drug, but three motorcycle riding techniques that will help keep your shiny side up.

LOOK UP - Always look up, never letting your eyes drop below the horizon. This is one of the most important things you can do, to safely control your motorcycle. Your eyes take you where you are looking. Always look through the turn. If you look down, you are probably going to go down. Look ahead, keep your thoughts and your vision ahead. If you are riding at highway speeds for example, and you are looking, oh say, 50 yards in front of you, by the time you see any obstacle in your path, it is going to be too late to avoid it. Plan 12 seconds ahead.

SQUARE UP - Always square your handlebars when you stop and keep them square when you are starting forward. Even an emergency stop in a curve, you stop quicker and much more safely, if your **FIRST** square up your handlebars **BEFORE** applying the brakes. Ever stop at a stop sign with your handlebars turned a little right or left and you find your-self wrestling with the motorcycle to keep it from falling over, or even falling over? If this is a problem you have, chances are very high that the cause is, your handlebars are not square to the motorcycle. Square up those handlebars!!

RIGHT FOOT UP - Always stop and start your motorcycle with your right foot covering the rear brake and your left foot on the ground. In stopping, the most effective way to stop a motorcycle is with both brakes, by applying even pressure on both the front and rear brakes. When you stop, your left foot should touch the ground first. When you start, your right foot should be covering your rear brake pedal. When the vehicle in front of yours moves, you will begin to move. If that vehicle suddenly stops, you can quickly stop if you have your right foot covering the brake. It will take you at least 1 to 2 seconds to cover the front brake with your right hand. However, if your right foot was on the rear brake, you would already be applying the rear brake while you were trying to cover the front brake. When you start and stop your motorcycle in the same manner each time, you will find you can control your balance much easier.

So, remember, L.S.R., the Three Ups.

LOOK UP SQUARE UP RIGHT FOOT UP.

Remember,

ALL THE GEAR ALL THE TIME. (ATGATT);

Most of all ride safe and have fun,

Gerry and Bonnie Kerkeslager

PA DISTRICT RIDE FOR FELLOWSHIP

Spring is coming!

Greetings PA District Friends!

Well, we're still trying to get through "Phil's" 6 more week's of winter! I guess we have half of March to go on that, and I'm really tired of seeing snow!!! Oh well, it's going to get better. This weather will soon just be a memory. I hope everyone is still getting out and visiting, even if it's on four wheels instead of two or three. There are so many friends to keep in touch with! I think it's time to join another Chapter for a St. Patrick's day dinner at a favorite restaurant (and send me I photo of all the fun you had!). I can never get enough pictures!

If your Chapter is planning an event for this year, don't forget to submit a flyer to Carla to put on the PA Road Riders Web Site. Also, check out our District Web Site occasionally to find out what's going on. There may be an Event listed there that you might be interested in! While you're at it, why not think about joining your friends at a Gathering or impromptu ride! I'd love to put your pictures in the slide show! I'm keeping track of points, so keep sending your information.

Since the **2026 Ride for Fellowship** is now in full swing, I'm enjoying your photos. Keep up the good work, get out there and visit, make new friends, and SEND ME YOUR INFO (Ride, Rally, Gathering or Event Date, Participants in your photo, where you went, who you visited & PHOTOS!)

All pictures that I receive will be in the 2026 slideshow, regardless of whether the visit received a point. We want to see the fun you've been having! The new Guidelines for this program are on the Website (<https://paroadriders.org/>) along with the introductory letter. If you check the "Programs" tab on the website you'll also find an updated Points Chart.

You can contact me at ride4fellowship@gmail.com , or call me at 570-764-1280 with any questions you might have.

Enjoy the month of February and all it has to offer!

PA DISTRICT CHAPTER NEWS

Winter Fun at Endless Mountains Riders

Our chapter got new shirts with our EMR logo on the back and we proudly displayed them at the January Gathering. We also ordered a new banner that shows we are now part of the PA Road Riders District.

Our bikes are safely hiding in our garages during these cold months, but that doesn't keep us apart! Endless Mountains Riders always plan some winter lunches so we can get together each month. In January we met at Alliger's House of Wings in Sayre, PA. and enjoyed the best wings in town!!

And in February we met at the Brunch Barn in Rome, Pa - an old church turned into a restaurant - and wow, they make their own bread and the food was amazing. But the important part is that we all get together and laugh and share stories. That is what our chapter is all about!

From the Editor...

Your state communications coordinator has a request for all of you fun loving riders. We are working hard to make this new organization accessible to all riders. In order to do this I need each of the chapters and the independent members to send me information on all the fun you are having on your bikes or with your groups.

If I am able to post fabulous pictures and write ups of your excursions in the monthly newsletter and on the new website, then people will take up and notice! They will say, “Wow, the PA Road Riders seem to have a lot of fun, and I think I would like to join in!”

So, to get more people attending your various events, and to attract brand new people to PA Road Riders, would you please send me photos, stories, memories, thoughts, ideas, etc. Especially send me your events and flyers, so I can fill up the calendar! You can email me, text me, or use old fashioned snail mail. Just let me know what you and your group are doing!

These are **your** publications - so please let me know anything you want to see

in them and send in both your comments or criticisms.

I will be working on the website’s membership portal as soon as chapters and individuals start registering their members. We will give you access to member’s information all across the state (as long as each member has approved this access). The public will not have access to this information.

I am looking forward to working with each and every one of you to make this new organization vibrant and active!
